INTRODUCTION

Young Leader Program (YLP) is conceptualized as a custom-tailored residential senior secondary course for students who aspire to be the luminaries of tomorrow. The programme has meticulously designed components to adorn each child with competencies vital for transcending the challenges of a fluid future world. The cardinal objective of the Young Leader Program is to prepare each student for obtaining admission to the premier national or international universities for undergraduate studies.

CURRICULUM

The course follows CBSE curriculum in Humanities & Commerce streams. The curriculum further accounts for the students' inclinations and preferences by providing choices in subjects even within each stream. Commerce students can choose between Mathematics and Computer Science. Equivalently Humanities students can opt between Sociology and Mathematics. Mathematics along with the Humanities stream, though a very distinctive combination, is advantageous for students planning to pursue higher education in Economics.

COURSE COMPONENTS

Centre for Excellence in Competitive Examinations (CECE)

Centre for Excellence in Competitive Examinations (CECE) is a platform for fine-tuning the competitive skills of the students. The comprehensive training provided at CECE equips the students with competencies pivotal to crack the Common University Entrance Test (CUET), JIPMAT, IPMAT and other admission tests of premier universities.

Expert faculties with years of experience and proficiency in preparing students for competitive examinations administer the classes. Mock Tests, Worksheets and Open Exams are integral elements of CECE that augment student learning.

CHOICE OF SUBJECTS

COMMERCE

English, Economics, Business Studies, Accountancy, Computer Science/Applied Mathematics

HUMANITIES

English, Economics, History, Psychology, Sociology/Applied Mathematics

ON THE DAIS

On the Dais serves as a window for the students to get across with scholars and leaders of eminence and stature. Interactive sessions are organized every month under the broad label **'My Inspiring Story'** or **'Meet the Scholar'**.

AXIOM STUDY CIRCLE

Sculpting young minds with values and principles is among the inherent ethos of the Young Leader Program. Axiom Study Circle led by prominent scholars give wings to this ethos in letter and spirit. Apart from the weekly classes, debates and discussions are the key components of the Axiom Study Circle.

INDUSTRIAL VISITS AND INSTITUTIONAL VISITS

Visits to leading industries and interactions with the directors and CEOs are organized to sensitize the students on current market trends and challenges. Campus tours and interactions with the faculty and students of prestigious institutions are the major constituents of the Young Leader Program.

The Young Leader Program is committed to equipping students with essential competencies to thrive in today's dynamic world. Through a wide array of engaging workshops, students are empowered to build both soft skills such as leadership, communication, public speaking, and social interaction, and hard skills like multimedia and digital literacy. These skill-building experiences not only enhance their personal and professional readiness but also support them in navigating the adolescent phase with self-awareness, emotional strength, and a sense of direction. The program nurtures confident, compassionate and responsible young individuals ready to make an impact in the society.

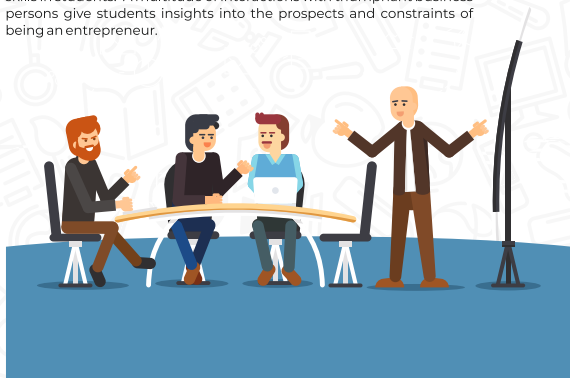

SEMINAR SERIES

The Seminar Series, a key feature of the Young Leader Program, enhances students' public speaking, critical thinking, and leadership skills. It provides a platform for presenting ideas, fostering confidence, intellectual engagement, and essential competencies like time management and teamwork, preparing students for future challenges.

ASPIRE ENTREPRENEURS CLUB

Enterprising youngsters with ethical integrity is the cornerstone of any prosperous society. Aspire Entrepreneurs Club fosters various real-life skills in students. A multitude of interactions with triumphant business persons give students insights into the prospects and constraints of being an entrepreneur.

LEAD SQUARE HOSTEL

Being the most child centric hostel, Lead Square breaks all the conventional notion of a usual hostel. Qualified and friendly mentors and state of the art facilities ensure each student a pleasant stay.

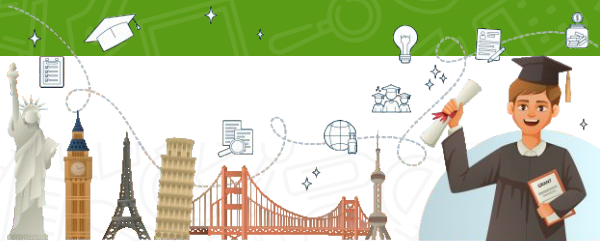

SAFE AND SECURE CAMPUS

At Wadi Rahma, student safety is our top priority. Our 18 acre serene campus is thoughtfully designed to provide a peaceful and protected environment for the adolescents. The entire campus is securely enclosed, ensuring students are free from distractions, external influences and any form of interference. With constant monitoring and a caring community, we create a nurturing space where students can focus on growth, learning, and personal well-being. The lush greenery and open spaces further add to the sense of calm and security.

HALL OF FAME

From the very first batch to the present, the Young Leader Program has consistently delivered outstanding results. Our students have secured admissions in prestigious universities across India and abroad, including Harriot watt University Scotland, Jamia Millia Islamia, Delhi University and Christ University
